After Builders Cleaning

We provide after builders cleaning services for:

- Residential property developers.

All buildings, whether they are new or old, collect dust and dirt, and they cause health issues in the process. Our trained staff has experience with after builders cleaning needs. All of our services require a minimum of 4 hours to ensure that the entire area receives the cleaning that it deserves. Unlike other cleaning services in the area, we specialize in a variety of after builders cleaning needs, such as upholstery, carpet, and window cleaning.

We Complete the Following Tasks:

- Extensive Cleaning of Doors and Door Frames
- Exceptional Cleaning of Skirting Boards
- Radiator Cleaning
- Window Frame and Sill Cleaning
- Safe Light Switch and Socket Cleaning

Kitchens: We provide extensive cleaning for all surface areas, including inside and outside of cupboards where food particles and dust tend to settle. Additionally, we take care of refrigerator and freezer cleaning, both inside and out. Dishwashing and washing machine cleaning is standard fare for our trained cleaners. We remove cobwebs, and we descale sinks as well.

We provide after builders cleaning services for:

- Residential property developers.

Living Room and Bedrooms: Our trusted staff takes care to clean wardrobes, all cupboards, tables, including bedroom end-tables, both inside and outside, in addition to the tops. All furniture will be removed with the utmost care and professionalism before we commence the cleaning services.

Bathroom: Bathrooms are tough to clean, but we disinfect all surfaces of the floors and toilet. Careful scrubbing procedures ensure the best cleaning possible. Additionally, we clean and descale showers, shower doors, and baths. All bathroom mirrors, counters, and sinks are treated and cleaned for the best results possible. We take pride in leaving you with a fresh and clean room, regardless of its location within the home.

Commercial Builders Clean

Through the years we have assisted with builders and after builders cleaning many commercial customers such as:

- Schools
- Shops

We provide after builders cleaning services for:

- Residential property developers.
- Restaurants
- Hospitals
- Sports centers
- Commercial property developers

With no regards of the size of the job, we are here to help. We provide our service around the clock, which basically means that you could have our team of professionals for a night service too. We understand how important your business is and we would not take up valuable time for cleaning.

We offer builders clean- we will be cleaning the premises while the renovation/ building process is taking place, in order not to let any dust, dirt and debris to pile up and obstruct the builders' work. However, we also specialize in after builders cleaning, which is a thorough deep clean that does the final touches and prepares the premise for exploitation after the building/ renovation has finished completely.

Why Choose Us?

We are compliant with all the requirements of the industry and we are highly competitive on the market because we:

- Wear PPE such as hard hats, high visibility vests, safety shoes etc
- Are comprehensively insured
- Send a supervisor onsite with the team
- Provide 24/7 call centre support
- Offer FREE onsite quote done by a supervisor
- Charge competitive rates
- Are a registered CIS contractor
- Use environmentally-friendly cleaning solutions and the latest technology
- Gather feedback from every customer and act on it
- Offer account management for corporate customers

Our after builders cleaning service is comprehensive- it could include anything from window cleaning, to high wall washing and pressure cleaning. We tailor our service according to the customers' requirements, this is why we prefer to view and quote prices on-site once we have seen what is needed and our experienced supervisor can build up a service package that would meet your needs.
